

# Your Partners for Leading-Edge Emergency Care

“In football, nothing is more important than training, teamwork and an ongoing commitment to excellence. The same is true with emergency care. That’s why, when it comes to choosing an emergency team, there’s no better choice than the emergency and trauma experts at Cabell Huntington Hospital. The most comprehensive and qualified team in the Tri-State area, they’re your partners for leading-edge emergency care... *your partners for life.*” — **Mark Snyder, Marshall University Football Coach**
